EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan McCollom on January 5, 2006.

The application has been amended as follows:

Claim 10, line 15, after the phrase "(e) lighting the column associated with a B peripheral space" insert "only if the selected peripheral space corresponds to the B column on the respective B-I-N-G-O card or cards;"

Allowable Subject Matter

Claims 10-15 are allowed over the prior art of record. They have been renumbered as claims 1-6.

The following is an examiner's statement of reasons for allowance: the prior art of record lacks in disclosing or teaching a method for a bonus game in which when a player makes a maximum bet wager, a peripheral space is selected that corresponds to a B-I-N-G-O card and if a B peripheral space is selected, the B column is lit for the respective card, a player then places another wager and another peripheral space is selected and a further column is

only lit if the selected peripheral space corresponds to the next sequential column of the B-I-N-G-O card.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Amendment

It is noted that the Amendment after Final submitted on December 20, 2005 has been entered.

Response to Arguments

It has been noted that the application has been allowed due to the amended claim language.
